- Discuss with Anj Patel how to be more specific about levels of infrastructure ((5.15 & 5.16) **Phil**
- Discuss the mix of housing types (GNDP3) with Erin at TBC **Phil**
- Kirkwells need to explain the meaning of GNDP8
- Quantity and quality of returns are important aspects of our Consultation form and comments **must** be encouraged. **Phil**

Schools **Caroline** will talk to the school's headmaster about how the school will deal with an influx of local children from developed sites.

Steering Group numbers Data entry of the completed Consultation Forms will involve much effort and it was agreed that we needed another one or two *active* members of our Steering Group. Edward Catchpole has agreed to help and other residents are being considered. **David**

Presentations It was agreed that we would defer presentations by Pembury Estates and Persimmon Homes Ltd (Charles Church) until our GNDP had been updated and the Formal Consultation period had been established. We will inform Persimmon Homes Ltd and the Parish Council. **David**
We will check with Michael of Kirkwells and Nick Croft if they agree with our deferment **David**
